DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2013-0914; Airspace Docket No. 13-AGL-29]

Establishment of Class E Airspace; Mineral Point, WI

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action establishes Class E airspace at Mineral Point, WI. A Class E surface area is necessary to accommodate increased business aviation and flight instruction activity at Iowa County Airport. The FAA is taking this action to enhance the safety and management of Instrument Flight Rule (IFR) operations for SIAPs at the airport.

Geographic coordinates of the existing Class E airspace are also updated.

DATES: Effective date: 0901 UTC, July 24, 2014. The Director of the Federal Register approves this incorporation by reference action under 1 CFR Part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

FOR FURTHER INFORMATION CONTACT: Scott Enander, Central Service Center, Operations Support Group, Federal Aviation Administration, Southwest Region, 2601 Meacham Blvd., Fort Worth, TX 76137; telephone 817-321-7716.

SUPPLEMENTARY INFORMATION:**History**

On March 3, 2014, the FAA published in the FEDERAL REGISTER a notice of proposed rulemaking (NPRM) to establish Class E airspace for the Mineral Point, WI, area, creating additional controlled airspace at Iowa County Airport (79 FR 11732) Docket No. FAA-2013-0914. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received. Class E airspace designations are published in paragraph 6002 and 6005, respectively, of FAA Order 7400.9X dated August 7, 2013, and effective September 15, 2013, which is incorporated by reference in 14 CFR Part 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

The Rule

This action amends Title 14 Code of Federal Regulations (14 CFR) Part 71 by establishing Class E airspace designated as a surface area within a 4.1-mile radius of Iowa County Airport, Mineral Point, WI. Increases in business aviation, air cargo, and flight instruction operations under instrument meteorological conditions have made this addition of controlled airspace necessary for the safety and management of IFR operations at the airport. Geographic coordinates of the airport in Class E airspace extending upward from 700 feet above the surface are also adjusted to coincide with the FAA's aeronautical database.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them

operationally current. Therefore, this regulation: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the U.S. Code. Subtitle 1, Section 106, describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it establishes controlled airspace at Iowa County Airport, Mineral Point, WI.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1E, "Environmental Impacts: Policies and Procedures," paragraph 311a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

Airspace, Incorporation by reference, Navigation (Air)

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends
14 CFR Part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

1. The authority citation for 14 CFR Part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E. O. 10854, 24 FR 9565,
3 CFR, 1959-1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR Part 71.1 of the Federal Aviation
Administration Order 7400.9X, Airspace Designations and Reporting Points, dated August
7, 2013, and effective September 15, 2013, is amended as follows:

Paragraph 6002: Class E Airspace designated as surface areas.

* * * * *

AGL WI E2 Mineral Point, WI [New]

Mineral Point, Iowa County Airport, WI
(lat. 42°53'13"N., long. 90°14'12"W.)

Within a 4.1-mile radius of Iowa County Airport. This Class E airspace area is effective
during the specific dates and times established in advance by a Notice to Airmen. The
effective date and time will thereafter be continuously published in the Airport/Facility
Directory.

Paragraph 6005: Class E airspace areas extending upward from 700 feet or more above the
surface.

* * * * *

AGL WI E5 Mineral Point, WI [Amended]

Mineral Point, Iowa County Airport, WI

(lat. 42°53'13"N., long. 90°14'12"W.)

Mineral Point NDB

(lat. 42°53'17"N., long. 90°13'35"W.)

That airspace extending upward from 700 feet above the surface within a 7.2-mile radius of Iowa County Airport, and within 2.6 miles each side of the 029° bearing from the Mineral Point NDB extending from the 7.2-mile radius to 7.4 miles northeast of the airport.

Issued in Fort Worth, Texas, on May 20, 2014.
